* The SAP programs listed have been checked by BRE on behalf of DECC, CLG and SBS. Whilst BRE has taken due care and precaution in testing the programs, it will not be held liable for any failure or consequence thereof that may occur in their use or application.

NOTES

1. "TER / DER" indicates whether the software calculates the target and dwelling emissions
2. "x" in the version number may be incremented for minor updates that do not affect the calculated results. The software approval applies to any "x".
3. The list of programs is complete as at the date at the top of the page. Additional programs are added to the list from time to time.
